

'Tis the season – for our holiday card artwork search!

It's that time of year again when the Board of Trustees chooses the design for their holiday card - and we encourage all division students to enter their own original artwork for consideration.

Students of all ages are invited to submit a drawing of a Christmas/holiday scene. One submission will be chosen and then reproduced on this year's cards. **Please note: this is not a class project - artwork should be done at home and submitted to the school.**

The criteria are as follows:

- **Only original hand-drawn or painted artwork will be considered - no collages, use of die-cuts, stencils, scrapbook materials, etc. please.**
- Original artwork should be no larger than 8 ½ x 11".
- Please write your child's name, school and grade on the back of the artwork.
- Fill out this form below and return it, along with the artwork, to your child's school by **November 3rd**. **Artwork and permission forms can also be submitted digitally (however we will require the original artwork for the entry that is chosen for the cards - we will make arrangements after the selection has been made).** Email entries to communications@spschools.org with the subject heading of "Holiday card artwork contest".

If my child's artwork is chosen for the St. Albert Public Schools holiday card, I consent to the use of the artwork for this purpose and to the printing of my child's name on the cards and on district advertising and other materials.
