

# Preschool Registration is **NOW OPEN**

The St. Albert Public Preschool Program provides supports and services to children of all abilities. Our play-based program is taught by certified teachers. We currently have spots available for children who qualify for PUF (Program Unit Funding) supports, as well as a limited number of spots for community children.

If your child struggles with speech & language or social & emotional development you may be interested in our Preschool. Please contact us if you have questions about your child's development.
