- 
- The LEH School Council is hosting a parent internet safety session with the Northern Alberta Internet Child Exploitation (ICE) Unit on Thursday November 28, 2024 from 6:30 p.m. – 8:30 p.m. As we know how valuable this is for all families you are welcome to share the invite with your school community.

If you are unable to attend on Thursday, please consider viewing this same presentation at Sir Alexander Mackenzie School on Wednesday November 27, 2024 from 6:00 p.m. – 8:00 p.m.

We feel it is important that this information is shared with our families so parents are informed and can better support their children when using online platforms.

Presentation Information

The internet plays an integral role in everyone's lives, and when it comes to youth, their social lives exist largely in cyberspace. Over the course of the past four years and through the global pandemic, Alberta has experienced a significant increase in cases of child exploitation on the internet. With more users online than ever before, and new apps and software being developed every day, it can be difficult for parents and teachers to keep on top of the latest trending platform. Advancements in technology are exciting and helpful, but it opens an ever-growing gap between the levels of digital literacy between youths and busy adults.

The Northern Alberta Internet Child Exploitation (ICE) Unit investigates incidents of child luring, sextortion, possession, transmission and the making of child pornography as well as internet-related voyeurism involving youth. This presentation will focus on education, prevention and putting parents and teachers in a position to protect their children from online sexual exploitation. The presenters will discuss the role of ICE in Alberta, Sextortion, sharing of intimate images, current online applications and internet platforms, and additional resources which are available to parents so they will be able to better support healthy and productive online experiences for their children and teens.

Due to the content of this presentation, it is recommended that children **DO NOT** attend.
